

CALLING ALL BUTTERFLIES

Scott Terrell / Skagit Valley Herald

Nine-year-old Emillano (left), 11-year-old Brensa and 4-year-old Ruby Victoria-Reyes show some of the flowers they helped plant during a dedication ceremony of the Kulshan Creek Butterfly Garden on Thursday in Mount Vernon. The garden was certificated by the National Wildlife Federation during the ceremony, which lauded the volunteer efforts of many who contributed time and expertise to the project, partnering with the Skagit Valley Backyard Wildlife Habitat Team, Fidalgo Backyard Wildlife Group, Skagit Conservation District, Mount Vernon Police Department, the city of Mount Vernon and Skagit County and Kulshan-area residents.
